

WHAT ARE TAILORED PLANS?

Trillium Tailored Plan Starts July 1, 2024.

Trillium will still manage serious mental health, substance use, intellectual/developmental disability, and traumatic brain injury services, just as we do today for those receiving Medicaid or who are uninsured. We will be adding physical health and pharmacy services as well for those placed on the Tailored Plan. While many things will remain the same, there are some new programs and changes you will see. **Please call us with any questions or visit our website for more information.**
